WEB PRODUCER/WEB DESIGNER 2008 – 2011 | FULL-TIME **ACCELA COMMUNICATIONS INC (KIT DIGITAL)**

Assembled client-supplied materials using a Flash/XML-driven, in-house CMS to create a Flash content player that was embedded online by the client. UI/UX, and any tracking interactivity in Flash, Photoshop, and Illustrator. ActionScript 3.0, XML, and HTML/CSS to communicate with the video, and track clicks from the player interface and specific forms. Built support websites with tracked links, and embedded players. This was a fast-paced, multi-faceted, deadline-driven job.

WEB/PRINT DESIGNER 2007 – 2008 | FULL-TIME **SKYSCAPE INC**

Created print materials for trade show booths, signage, and software packaging. Maintained corporate websites and created icons/layouts for mobile software. Working closely with the CEO, VP of Technology, and VP of Marketing, I kept branding clean & consistent while introducing fresh ideas for field representatives.

LEAD PRODUCTION DESIGNER 2005 - 2007 | CONTRACT **FABLEVISION INC**

Over this long-term, freelance position, I was involved in 5 major projects that used Flash-based games, video/animation, and interactive websites to educate and entertain. I used the entire Adobe design suite and HTML/CSS, plus worked closely with developers to produce complicated productions on tight deadlines. This position also saw me managing any junior designers needed for projects.

WEB/PRINT DESIGNER 1999 – 2005 **CLINICIAN SUPPORT TECHNOLOGY INC | FULL-TIME**

Created and maintained 5 websites, graphics, and layouts for web-based software running in the NICUs of 17 hospitals nationwide, including all print graphics for trade shows, ads, and hospitals. Implemented a system of file management and oversaw 2 junior designers.
